

Dear Eagle Families:

Welcome to the 2021-22 school year! As principal of Toledo Preparatory Academy, it is my pleasure to welcome every one back for another great year. I would also like to take a moment to recognize new members of our administrative team. Please join me in welcoming Sandi Garcia, Assistant Principal and Kelly Ruiz and Sara Szych, Directors of Academics.

As your premier college preparatory academy, the Eagle community has continued to enjoy tremendous growth, and as a result, I am pleased to announce that we are opening a new facility for our middle school students in grades 5-8. The second location will allow for an even more enriching experience for our students as we plan to offer many electives such as American Sign Language, Creative Writing, Digital Media Web Design, and Home Economics. In addition, we are also excited to be offering high school credit classes such as Spanish and Algebra.

It is our mission to help every child feel welcomed, connected, and a part of our school family. In addition, we work tirelessly to ensure each and every student is challenged and able to experience growth in his or her academic abilities. We have an exceptional teaching staff who spend much time planning in order to provide students with engaging and challenging learning opportunities.

In order to be successful, we will need you to be active participants in your child's education. Please ensure that your child is prepared and present at school on a daily basis and work with your child at home on their academics. As always, we are here to support you and your child.

Once again, welcome back! I am looking forward to a great year here at Toledo Prep.

Best Regards,

Amy Printy

Principal
